

Greetings from my home and studio in Gainesville, Florida!

In a few weeks, we will be starting our online workshop “Digital Collage 1.0.” Whether you are joining me online for the first time or are a repeat participant, I hope the class will meet your expectations and enhance your creativity.

Most likely you are already familiar with the Zoom meeting platform, but it would be a good idea to make sure your Zoom is up to date a few days prior to the class—every time I check there seems to be an update! I will be using the current version of Adobe Photoshop.

Lauren Joseph (lauren@santafeworkshops.com) will be our class coordinator working from Santa Fe. She will be emailing you with a link for our Zoom meetings. If for some reason you do not receive it, please email her. Our webinar will take place Wednesday, May 1; Saturday, May 4; and Wednesday, May 8 from 10 AM to 12 Noon Mountain Time (which is 12:00 PM to 2:00 PM Eastern Standard Time).

After each session, you will get the link to download the images I use to build our demo image during the class, plus a link to the video. Then you can rewatch the class video for two months after the last class.

See you soon!

Maggie
